It is the thing I want to take my
text from today. A Mexican. I
was just a little over a year ag

and it looks like every fellow that I
met and got well acquainted with
in the headlines on the news some
were on one side and some on the
other.

Now take General Escobar he is
the leader this is operating in the
North East. I have been his Guest
at his home in Mexico City. He is
one of their most popular Generals.
He is the one that took me to the
bull fight. He got a great kick
out of it for ever since the bull was
somewhere near the floor I would
turn my head down on my arms and
look down at the floor. (We were
sitting in the front row and there was
a big concrete balustrade to be our
elbows were resting on.) Now
could tell me what to look up and
finally it got to be the laugh of
the crowd around there. My friend
President Calles and his party were
under around the circle aim of fact,
I said Calles got to holding me
about not looking up. There had peo
ples in the Mexico papers at the next
day of America an American of
Mexico bull fight and all we
could see was the tip of a tail burn
ing a couple of folk arise on the
railing and General Calles bull
fighting to, for there is some very
clever things I see in the ring. But
when it came to the horses, I said

Nararo and Guizer were the Leaders
and were shot. Gomez was the last
one. He had been hit in the thigh
one week and Lecher was the Com-
mandant General that caught him. He
captured him on night in a trail as
he was coming down to a house.
They wanted something to eat. He had
lived in the hills all it was about half

to his tent and had him have and
I was there. I did this and clean up

did not like him much. Curious. I un-

would not look well at the time
I was there. He turned him over to a
German who said to him the next morning
that now it had been a period that
I could find the game and just the
day before. Lecher told me this story
why Lecher killed him and Sister. I
do not know his house and I asked him

"Whirling along the ground at 231 miles per hour to a new world's record was a thrilling experience. It was speed in breath-taking fashion. When I finally brought 'The Golden Arrow' to halt, the nerve let-down was terrific. But out came my pack of Lucky Strike and I soon was smoking in complete happiness. After the strain of my ride the toasted fragrance of Luckies was like a tonic. I reach for a Lucky instead of a sweet. I want to keep trim and fit. I want to feel the glow of pep and health at all times—the thought of excess weight really frightens me. I welcome a Lucky instead of sweets and things that would make me soft."

Note: Authorities attribute the enormous increase in Cigarette smoking to the improvement in the process of Cigarette manufacture by the application of heat. It is true that during 1928, Lucky Strike Cigarettes showed a greater increase than all other Cigarettes combined. This confirms in no uncertain terms the public's confidence in the superiority of Lucky Strike.

SPECIAL PROGRAM ARRANGED FOR DAY

Event To Mark Fifth Anniversary of New Oakland Heights Edifice

PROGRESS ACHIEVED

Unusual Evangelistic Record Made by Congregation in Southwest Marion

The Oakland Evangelical congregation will observe the fifth anniversary of the erection of its new church on Bellefontaine at Sunday with special preaching services by the Rev. H. A. Sain, presiding elder of the Columbus district. Holy communion will be observed at the 10:30 a. m. service.

Church work was begun in this new section of Marion known as Oakland Heights under the ministry of the Rev. W. J. Martin of Calvary Evangelical church. A site was purchased by the Calvary church trustees and in June 1918 Bishop Bowman dedicated the first building in which the work was organized. The first Sunday school held in this building on July 7, 1918, had an attendance of 151.

First Pastor
The Rev. O. W. Tuhlman was appointed as the first pastor here in the fall of 1919. During the seven years of his ministry the membership made a steady increase in both Sunday school and church. By this time the department were organized and the members active in promoting the work.

In September, 1926 the Rev. H. F. Williamson the present pastor was assigned to succeed the Rev. Mr. Tuhlman.

During the years of the work of this new mission four young men, Clyde Wendell, Fred Braden, Dean Vermillion and Charles Davis have been licensed to preach and at the present time another young man is planning to enter ministerial work in training school.

Seven young women, Misses Lethel and Miss Blomquist, Lucille Smith, Mabel Kildner, Della Grunwald, Marian Davis and Gerald Sharp are now in training for nursing at the Evangelical Deaconess Hospital, Chicago. Two other young women from the church are making arrangements to enter at the same school.

The church is an evangelistic institution and those who attend are converted at the regular services and in many cases at the prayer meetings which average about 75 each year. H. M. Murphy and Fred Harding are the class leaders. At present there are 268 members enrolled.

Special efforts are being made with the young people at Oakland Evangelical church. There are four Christian Endeavor societies, junior senior intermediate and adult. The Sunday school enrollment is about 600 including a credit roll of 154 and home department of 11. John D. Davis is superintendent.

Held Jail Services
Once each month the Men's Gospel team holds services at the county jail and the team also conducting prayer meetings and aiding in revival services.

A special evangelistic meeting has been planned to begin April 3 and continue through April 21 with Evangelist H. A. Frey of Findlay in charge. The Rev. Mr. Frey was formerly associated with the Pelee Island Evangelical party.

Grace Alone

A SERMONETTE

BY THE REV. J. W. SCHULTZ, Pastor Emmanuel Lutheran Church

LENT to many Christian people is a season of self-denial. Their observance of Lent consists in the making of so-called self-denials. This means that they deprive themselves of certain luxuries or even necessities which they ordinarily enjoy and give the proceeds to some benevolent cause.

Such self-denials are laudable, but connected with them is a great danger. That danger is the idea of merit which destroys the whole true spirit of Lent. The true Christian will make many self-denials and yet he will always pray:

"Nothing in my hand I bring

Simply to thy cross I cling

or

A sinner hears the throne

Whose plea for life is grace alone

In the center of the whole Lenten season stands the cross of Christ. The whole purpose of Lent is that sinners draw near to the cross of Christ and behold there the great sacrifice which the Son of God brought for the salvation of sinful mankind.

When the Christian considers this sacrifice, he will be ashamed of his own so-called self-denials. Never again will the word self-denial escape his lips. No self-denials will then satisfy him. Nothing will satisfy his heart but self-surrender and self-devotion. He will concentrate himself entirely to the Master who loved him so much. He will give his all to Christ and it will be done not with the idea of merit but entirely in the spirit of gratitude and love.

PROGRAM TO HONOR NOTED SONG WRITER

Memorial Tribute to Fannie Crosby Arranged at Local Church

RURAL CHURCHES LIKE NEW PLAN

Churches all over the country have generally expressed their gratitude for the new policy of the State in printing the rural church calendar in Friday editions. To do this it is necessary that material be gathered in on the church reporter's desk before 5 o'clock Thursday afternoon.

The rural church goes will appreciate it if the ministers have the material at the Star office Thursday afternoon.

PILGRIM'S PROGRESS THEME OF PROGRAM

Music To Depict Religious Life in Presbyterian Choir Presentation

Taking the famous allegory John Bunyan's Pilgrim's Progress as an ideal the numbers to be sung in the special presentation Sunday night by the choir of the First Presbyterian church have been built in such a sequence as to suggest mankind's religious experience.

A plan new in presentations of this kind of church music will be the introduction of each number with an explanatory talk telling a background that will give the congregation a better understanding of the musical story of the Christian's life.

Supplementing the choir Mrs. Harry T. Williams, church organist, will be heard in three numbers: Penitence, Rogers' Lullaby of Spring, Psalm and Song of Gratitude. Cole Miss Janet Leott, Miss Fina Sage and Leonard Young will sing as a soprano alto and bass trio when the choir presents "Break Forth Into Joy" by Rogers.

Miss Margaret Waller will use a transcription of Verdi's "I Fen a tore" for her violin numbers with Miss Helen Gross assisting, at the piano. Especially interesting will be the prelude arranged by Mrs. Williams from the works of Greg. Karg Elbertson Weber and Engel with one of the selections of the chorale. The compositions of Wagner, Haydn, Chopin and Liszt will be used throughout the program.

Wood will preach each night except Saturday at 7:30 o'clock. Special music will be provided for these services by members of the Trinity choir under the direction of C. Dewitt Shadaker and Miss Grace Durfee or Ganst.

Dirt Is Accumulating In Your Rugs

Like the rubbish heaps that, uncollected, pile high in the alley, are the dirt heaps that build up in the rug that is not Hoover cleaned.

Even a perfectly new rug, cleaned by ordinary suction for only a few months, shows under the microscope solid masses of dirt caked in the centers of the tufts and wedged in the tiny pockets about the tufts.

But—if that rug is Hoover-cleaned these heaps of dirt do not pile up. Dirt simply cannot resist the beating action of "Positive Agitation." No matter how tightly it is packed

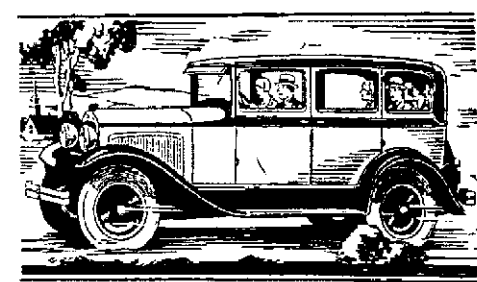

into the depths of the rug, The Hoover will get it out.

No other cleaning method can dislodge this buried dirt as The Hoover does, because no other cleaner has the beating action of "Positive Agitation." Why risk the life and beauty of your rugs by half-efficient cleaning? Why not keep them fresh and clean from the start or restore their first cleanliness by regular cleaning with The Hoover?

We will gladly give you a demonstration of "Positive Agitation" on your own rugs. Telephone us. Liberal allowance for your old cleaner. Only \$6.25 down; balance monthly.

THE FULL-SIZE SEDAN—\$695, AT THE FACTORY

PLYMOUTH can match price with other cars in the lowest-priced field, but there all similarity ends—for no other cars priced around it can begin to match Plymouth's size, quality, beauty and power. Therein the full-size Plymouth enjoys a unique distinction.

You think instantly of style when a Plymouth glides by. Thoughts of comfort are inevitable when you contrast the Plymouth's full-size roominess with the cramped quarters of the miniature cars of today.

You thrill at the wheel when you feel the smoothness of Plymouth's big high-compression engine of Chrysler "Silver-Dome" type. You enjoy absolute safety from the full-size Chrysler weather-proof internal-expanding 4-wheel hydraulic brakes.

Plymouth has been so named because of its endurance and strength, its limitations to acceleration, its ability to hold its own among the best American cars.

Just five months and nine days ago the new city bus service had its inception in Marion. People were skeptical and exceedingly doubtful if the buses could satisfactorily take the place of the old city street cars which rumbled and bumped along but in spite of these misgivings they ran and gave people service. Human nature dislikes and obstructs change and always will but nevertheless methods need changing occasionally if progress is to be made and thus the bus service had to come and come to Marion in spite of all doubts and fears of the dubious.

Many brothers received the franchise in competition with many others to own and operate the present extended bus service. They took immediate hold of their opportunity and sought to provide Marion and its citizens with a local bus service that is unsurpassed in any town of this size in Ohio. First of all bus routes had to be arranged and laid out so as to serve the demands of the largest majority and at the same time allow for a legitimate profit if the bus lines were to survive. Routes and schedules were arranged with the advice and sanction of the city council and all was made ready for the bus service to start.

High Type Equipment

Thirteen fine new yellow coaches were ordered from the General Motors Truck Corporation at Pontiac, Mich. a subsidiary of the General Motors Corporation of Detroit. These buses which have no superior for local bus transportation contain powerful eight cylinder Cadillac motors which are capable of pulling any normal requirement. Each bus is roomy and comfortable and seats 22 people without crowding. The seats themselves are heavily padded with soft spring cushions which remind one more of a parlor car than a bus. Each bus has four speeds and four wheel hydraulic brakes with a Westinghouse Booster all of which makes for safety and easy control of the car.

Recently L. C. Weidman, state sales representative for these yellow buses was awarded a \$500 prize for the best story on motor bus operation and control which story will appear in the magazine, *Bus Transportation* in the very near future. The Maag Brothers anticipate no changes in bus routes or schedules in the near future, as the present system seems to be working satisfactorily. The summer, however, may require some slight changes and rearranging. The present schedule not in cluding arrangements for special buses is as follows:

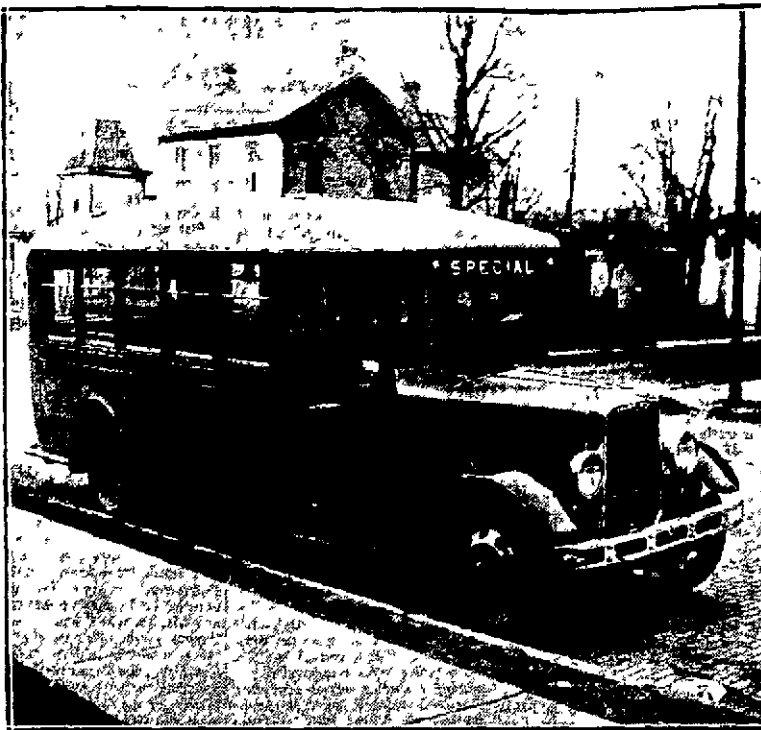

Bus Schedule
Center and Davis St. Line—Leave Garfield Park at 5:20 a. m. and every 10 minutes till 8:30 a. m. then every 15 minutes till 11 a. m. then every 10 minutes till 1:30 p. m. then every 15 minutes till 1:30 p. m. via East Center to Court House West Center to Davis St. south on Davis to Bellefontaine Ave. and return.

North Loop—Leave Court House at 5:30 a. m. and every 15 minutes till 7:00 p. m. then every 20 minutes till 11:40 p. m. via East Center to State north on State to George east on George to Greenwood north on Greenwood to Fairground west on Fairground to Main south on Main to Center and east to transfer.

South Loop—Leave Court House at 5:40 a. m. and every 20 minutes till 11:40 p. m. via Center to Main south to Columbus west to Windsor south to Center east to Provost west north to Superior east to Delaware north via Delaware to State St. to town.

PROPOSE CHANGING OHIO TAX SYSTEM

Constitutional Amendment
Likely To Be Placed
Before Voters

COLUMBUS, March 16—If the Ohio Senate is agreeable the people of Ohio will have an opportunity of voting in November of this year on an amendment to the state constitution which will do away with the antiquated uniform rule of taxation written into the constitution back in 1851. This measure known as house joint resolution No. 8 probably affects property owners and taxpayers more than any other bill before the legislature according to the Ohio Association of Real Estate Boards. The resolution has passed the house of representatives with a vote of 33 to 37 and is now being considered by the treasury committee of the senate. The present system of uniform rule in taxation works only on real estate and other classes of tangible property according to John F. McCreeb, chairman of the taxation committee of the Ohio Association of Real Estate Boards. Money and most intangibles are disregarded for taxation purposes because it would be confiscatory to subject them to the same rate that is applied to other classes of property. There are so many things exempt from taxation and so much wealth not on the tax duplicate that about 70 per cent of the tax burden is thrown upon real estate which is a larger per cent than real property should bear, McCreeb asserted.

The adoption of this amendment would allow the legislature to classify different sources of taxation and by rates comparable to the ability of these sources to pay but would protect real property and other property taxed according to value by providing a rate limit of 15 mills which could not be exceeded except by a majority vote of the electors of a taxing district or when a higher rate is authorized for in the municipal charter.

Leaves for bond issues and indebtedness already outstanding would be in excess of the limitation but as there were paid off the limitation would then become effective and could not be exceeded without the approval of the voters.

Two desirable benefits from the

PROPOSE CHANGING OHIO TAX SYSTEM

Constitutional Amendment
Likely To Be Placed
Before Voters

The amendment is a result of months of study and conferences on the part of about 30 organizations. It is a compromise between the two opposing schools of thought and although not entirely satisfactory to any one group all have agreed to support it feeling that a change in Ohio's tax methods is necessary and that this is a step in the right direction.

BRIGHTWOOD IDEAL AS HOME LOCATION

Dry Basements Stand as One
of Numerous Advantages
in Subdivision

Many cellars and basements in Marion either have water in them after a storm or else they are constantly damp but homeowners in Brightwood seem to have little difficulty with either due to the land in Brightwood being fairly high and dry itself and because of the nearness of Brightwood to the two main trunk line rivers of the East end of town as both the sanitary and the storm sewers border on Brightwood addition.

Brightwood addition has been making very rapid strides of recent months with many new homes built and a great deal of paving work planned and already under consideration by the city.

All of which seems to lead to the fact that residents are looking forward to the new high school which will be built in Brightwood in the next few years.

DROP IN EGG PRICE IS WEEK'S FEATURE

Decline of Six Cents a Dozen
Registered in Three
Days Here

Marion markets underwent several changes during the past week in several items. Eggs made a decline from 37 cents to 31 cents this drop covering a period of three days with 2 real drops daily.

Meat prices stood at the peak of their prices as the week closed. Pork prices were most affected although other items gained. These sustained high prices are expected to be broken early in the week.

Strawberries were the only added delicacy to appear on the markets this week. The price is in the neighborhood of 50 cents a quart and will remain there until the berries are produced locally in quantities. New cabbage and new cucumbers are available in quantities at reasonable prices. These include a number of wholesale dishes and are in demand.

Butter dropped two cents a pound at the close of the week. This item has been comparatively steady during the last week with the exception of this drop.

Within a few weeks the market will note the appearance of local produce with a slight change in prices. Truck farms will furnish much green stuff that will find a ready market. Much of this produce is now on the market although it is shipped to the western and southern states. Apples from the west may be purchased now at reasonable prices in several varieties. Winesap, Rome Beauties and Delicious are the most popular.

Among the other changes noted during the week was a drop of two cents a peck on homegrown potatoes from 25 to 23 cents. New beans are selling at 10 cents a bushel instead of the former 8 cents a bushel. Four pounds of bananas now sell for 20 cents instead of the former 25 cents.

Stivers, Dover, Portsmouth Class of State Tournament

The SPORT-O-GRAPH

BY FRANK G. MENKE

A GENTLEMAN named Hammond who holds some sort of Madison Square Garden job elbows his way into the prints with the announce- ment that his outfit considers Jack Shacker the champion of the heavy weights.

But weird though Shacker's nomination seems to be Mr. Hammond is correct. Although Shacker's performances for nearly two years have been at moments grotesque and at others the fact remains that he is the outstanding boxer in the best division of scholarship.

What a chance for long suffering England to emit belated salutes of razz—to get the last of a fight that reeked with 'in-the-bag' drama.

AND now of a sudden, we are forced to put on display as our active champions none other than Jack Shacker whose record for the past two years would get him rating in the third class of another decade.

DAYTON Stivers, Columbus Central Portsmouth and Dover in Class A and Bluffton Youngstown in Class B enter the second round of one of the most bitterly fought state basketball tournaments ever staged by Ohio scholastic teams.

In the first game of yesterday's card Bluffton doubled its score over Westchester but only after a close game which looked like a victory for the latter in the first part of the contest.

The Boardman-Lima game was closer than the score predicted. Things were up and down during the first half but the Youngstown junet outshined their opponents.

At the same time, Akron Garfield 27 to 16 Stivers was confident but not too much so and possessed a reserve that if called for would have run up the score more than was the case.

NO ORTHODOX BALL PLAYING IS WANTED BY BOSTON BRAVES

Judge Fuchs Says Business of Managing This Year an Experiment

By James L. McCallen ST. PETERSBURG, Fla., March 16—I cannot do the Boston Braves any harm and I may be able to do them some good.

That in a nutshell is why Judge Emil Fuchs, president of the Boston Nationals, is also acting in the capacity of manager this year.

He told the writer today as we sat together in the dugout at Watfront park and watched the Boston Nationals play the Boston Braves.

In and out of the dugout came the assistant manager, Johnny Fuchs, once a popular National League second baseman on the famous Chicago Cubs team in the days of the great double-play combination.

Steel and Specialty Stocks Show Fractional Loss for Day

By W. S. COLINS
NEW YORK, March 16.—The Radio Corporation stock was again the center of speculative interest in a rampant market in which prices of most of the active stock of radio and specialty stocks surged ahead under the impetus of a powerful buying force.

Radio Corporation stock climbed to around 500 a share as the new stock after reaching a point of two in 1933, heeded along to 100% in a tremendous turn over.

The coppers were the most consistent ground gainers in the metal market, with the advance of metal prices to 21 cents a pound for domestic and 21 1/2 cents for foreign deliveries.

Ammonia, Anaconda, Chile, Greene Cananea and other well known copper shares led the brilliant forward move of this section of the market and prices at the close were the highest ever recorded.

The day's turnover of close to 2,750,000 was close to the high record of a Saturday session in all of the wild markets of the last year or two. The steel and specialty stocks lagged off near the close and average prices for the day showed a fractional loss.

Atlantic Refining at the head of the oil list sold at a point of 64 1/2 completing a gain of six points at 41 1/2. Sinclair moved along to 41 1/2, and Pan American B to 47 but the Standard Oil of New York and New Jersey fell back a point or so. Hess fell was a favorite in the independent oil group and sold above 40.
